

Construction/Fire Hydrant Customer Information Form

Fire Hydrant: _____ Construction: _____

Company/Organization Name: _____

Primary Contact Name: _____

Service Address Street/City/State/Zip: _____

Mailing Address Street/City/State/Zip: _____

Phone #: _____ Email Address: _____

Tax ID # (for Commercial Accounts): _____ Request Start Date: _____

For Construction Accounts:

Is the address properly posted? _____

Is a frost-free hydrant installed? _____

If the answers above are both "yes," a time set and signature will not be required. If either answer is "no," a time set is required.

A time set requires the customer to be present at the designated time to verify the location of the meter and to ensure no leaks are present. A signature will be required.

Upon the driver's arrival, if the address is not posted or a frost-free hydrant is not installed, no meter will be set and a return trip fee will be charged and a time set will be required to set the meter.

For Fire Hydrant Accounts:

Fire Hydrant meters require a meter rental fee of \$7/day plus water use.

Meter Size Requested: $\frac{3}{4}$ Inch Connection _____ or 3 Inch Connection _____

I have received a copy of Policy Bulletin No. 69 "Fire Hydrant Meters" which explains the conditions of use and costs (Initial Here: _____)

Tampering with the meter in any form will result a \$250 tamper fee and the forfeiture of deposit.

Signature _____ Date _____
